

High Performing Boards

Agenda

Agenda

Aileron’s High Performing Boards program is designed for the business leader in need of creating a board—or improving an existing one. It’s a one-day program that demystifies an outside board and begins by answering three questions:

1. Why do companies use a board?
2. What does a high-performing board do? and
3. How do they do it?

You’ll practice leading a board meeting and engage in a panel discussion with seasoned business owners and board members.

After the full day with peers, you’ll meet with a Business Advisor to follow through with planning so that you can continually evolve and improve your board.
