Learning Experience Designer

Part instructional designer, part learning and development champion, the LXD role will design on-brand learning experiences and assets that empower our clients to grow to meet their development needs.

Role and Responsibilities

- **Design client experiences:** You'll leverage best practices, conduct learning and development research, and use feedback to evolve and optimize the higher level client learning experience.
- **Design instructional materials:** You'll design the activities and supporting documents for on-brand, effective learning experiences, leveraging development strategies and best practices to shape assets like workbooks, tools, templates, facilitator guides, and PowerPoint presentations.
- **Conduct customer research:** You'll grow to deeply understand the customer and how they learn best through research and usability testing. You'll also support research and lead projects in organizational change, client development, and professional management to improve how we develop our clients.

Qualifications

- 2-4 years of experience in instructional and/or experience design
- Ability to work 20-40 hours per week; we are open to full-time and part-time candidates
- Ability to work at Aileron's campus 60% of the time, with flexibility to work remotely 40% of the time
- Technical knowledge in the Microsoft suite (Outlook, Excel, Word, PowerPoint, etc.)
- Experience working with and designing content for a Learning Management System (LMS) preferred
- Lifelong learner, high value for curiosity, self-initiating, highly collaborative, excellent communication skills
